Capability Statement

Innovative Solutions that Cover your Demands!

Founded in 1999, Coverflex Manufacturing, Inc. headquarters is based in Houston, Texas with additional satellite offices in Toronto, Ontario and Charlotte, North Carolina to provide the best products and services to our clientele. Coverflex Manufacturing has successfully proven our commitment to the Oil & Gas Industry with innovative designs, quality products and services with integrity. We are the experts when it comes to designing and manufacturing Removable Insulation Systems for power plants. Based on application specifications and temperature ratings, our Insulation Systems are custom designed to provide comprehensive thermal protection.

Removable Insulation Systems benefits our customers by reduce energy costs, safeguard employees, maintain consistent product temperatures and provide noise reduction. As the market increases and evolves, we are committed to seeking after the latest technologies and advancements to provide our customers superior quality products and services.

Removable Insulation Systems

- Instrumentation
- Single & Double Layer for Gas & Steam Turbines
- Exhaust
- Pipes, Valves & Flanges
- Conventional with Removable Blankets
- Acoustical

In addition to manufacturing, Coverflex offers General Insulation Contracting Services including conventional insulation, scaffolding, installation and removal services. Our insulators are knowledgeable and well equipped for any maintenance, outage, turnaround or new construction projects. Safety is our priority, each insulator is certified in the latest safety programs and observe all job site safety policies. We have what it takes to cover your demanding projects.

Services

- Thermal Imaging Analysis & Energy Audits
- Conventional Insulation
- Electrical Heat Trace
- Design, Fabrication & Repair
- Scaffolding
- Installation
- Insulation Removal

Satisfied Customers

Akzo Nobel	Caterpillar: CAT
Calpine	Jet Lube
Kleen Energy	Duke Energy
Pentair	CLECO
General Electric	BP Chemical
Siemens	Kirby
Trinity Marine	Axiall LLC.
Integrated Drilling Equipment	Riverside Generating
